

Wheat Management Seminar

Featuring Phil Needham

Thursday, August 28th 2008 9am-4pm
Ag Center, 1305 2nd Ave Holdrege, NE
Presented by the Arrow Seed Company

Topics for the seminar include:

- ◆ Isolating the weak links in the system to increase yields and profits
- ◆ Residue management systems
- ◆ Getting the best bang for the buck with current fertilizer prices
- ◆ Spring fungicide management decisions
- ◆ Seeding rates, seeding dates and stand evaluation
- ◆ Weed and insect control strategies
- ◆ Nitrogen rates, products, timings and application strategies
- ◆ Micro-nutrient decisions and their timing
- ◆ Targeting better stands within No-Till and conventional wheat management systems
